

Mrs. SELCHERT'S DAUGHTER

Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Horicon, Wis.—"My young daughter has been troubled for several months with backache and a very bad feeling in her stomach. She did not want to eat anything, while before she was so hungry she could hardly wait for her meals. The doctors gave her medicine but it did not help her. One day I was reading a little book of yours and it reminded me that when I was a young girl I took several bottles of Lydia E. Pinkham's Vegetable Compound. So she went to the drug store and got a bottle, and after taking the second one she could eat and has not had backache since. In all she took six bottles of it. She goes to school and on Saturdays helps with the housework. She is a normal, healthy girl now and we recommend your medicine. You have my permission to publish this letter as a testimonial for the Vegetable Compound."

—Mrs. FRANK SELCHERT, 150 Larabee St., Horicon, Wisconsin.

Mothers all over the country have found Lydia E. Pinkham's Vegetable Compound to be a most reliable remedy for such conditions.

Found Dead in Bed

John Johnson, 69, for many years a blaster and hauler of dynamite, was found dead in his bed at his home, 21 Wals street, New London, Sunday morning.

Dr. H. H. Heyer gave as the cause of death heart disease from which Mr. Johnson had suffered for several years.

The number of drug items now on the market is 45,000.

Why Not Wear Stylish Glasses?

If you must wear glasses, why not wear them to "grace the face" instead of "any old kind?"

Our method will make your glasses "look good" on you as well as to you, and the cost is no more than the "take a chance" method.

C. A. SPEAR

OPTOMETRIST

Franklin Sq., Norwich, Conn.

Agents here have received word that the 25th annual convention of the National Association of Insurance Agents will be held in the Hotel Ambassador, Los Angeles, Cal., Sept. 14, 15 and 16.

Dr. Crowley's office will be closed until Sept. 6th.—Adv.

Will Reduce Gas Rates in Norwich as Soon as Possible

With reductions being made in the price of gas in other cities in the state and throughout New England, the question arises as to when the price of gas will be reduced in Norwich. Inquiries of the gas and electric commissioners on Monday evening brought forth the statement that the reduction of the price of gas in this city is one of the foremost problems that is being considered by them.

James L. Case of the commission said that while there had been reductions in other cities no comparison of the costs of producing gas could be made at the present time. Materials and fuel in other cities have dropped in price much more than in Norwich, he said, and the big gas plants are able to produce gas at a much cheaper rate than can be produced in Norwich. However, every effort will be made to reduce the price of gas in Norwich at the earliest possible moment.

At the present time the commission cannot promise a definite date when a reduction will go
